

BiteBari — Brand Project Overview

A Brand of Sikder Agency

Introduction

BiteBari is a homemade food and dessert brand operating under the creative and entrepreneurial vision of Sikder Agency. More than just a cake business, BiteBari represents emotion, creativity, care, and the dream of building meaningful experiences through food. The brand was created with the belief that every celebration, every gathering, and every special moment deserves something handmade, heartfelt, and memorable.

The name “BiteBari” reflects warmth, comfort, and sweetness. “Bite” symbolizes taste and enjoyment, while “Bari” represents home — together creating the idea of homemade happiness in every bite.
